

Vita-Equine PerformMaxx

- **Whey Protein Concentrate:** enables one serve of PerformMaxx to provide over 65% protein to meet daily nutrition requirements. Protein is essential for growth and performance, and increased doses are required especially for animals which exercise, work, are pregnant or lactating.
- **Colostrum Powder:** provides the animal with a variety of bioactive components including growth factors, antibodies, vitamins, minerals and amino acids. Can also assist in muscle repair.
- **Aniseed:** a flavour preferred particularly by horses which therefore encourages higher consumption.
- **Chamomile:** calming effect on the animal, particularly in times of competition. Chamomile also contains Magnesium to soothe muscle cramping, and has been said to relieve painful inflammations.
- **Spearmint:** may help to relax digestive muscles.
- **Rosehip:** source of Iron, Vitamin C and Biotin.
- **Parsley:** source of Vitamins A and C, Chlorophyll, Calcium, Thiamin and Niacin amongst many nutrients.
- **Passion Flower:** may have a soothing effect on anxiety, insomnia, nervousness, depression and restlessness in animals.

Recommended Use Level

- Feed approximately 200-250g (1 cup), once daily. For best results use in evening feed.

Ingredients

Whey protein concentrate, Cellulose, Colostrum powder, Parsley extract, Passion flower powder, Liquorice powder, Spearmint leaves, Chamomile powder, Rosehip powder

Allergens

This product contains Soy and naturally occurring Sulphites (up to 300 ppm). It is blended in a manufacturing environment which also processes soy, wheat and egg products.

Shelf Life & Storage

12 months minimum when stored in a cool, dry area (<30°C). Product is hygroscopic - reseal partly used packages to maintain optimum freshness.

Packaging

Packaged in 5kg tubs.

Specification – Analytical (typical)

Chemical	Average Value
Moisture	<10%
Microbiological	Specified Value
Total plate count /g	<200 000 CFU
